Please be as specific as possible to help Council understand your views.

Why do you want the Council to consider the provision of additional artificial fields? What specific action you think the Council should take? Why should this be done?

Reduce ~~tim~~ training times at late night ie. 10pm finish. Social interaction/networking reducing so not helping game grow.
Another turf should be built.
Support a sport that is great and help with additional turfs to encourge community support & young development, etc.

Please continue on reverse side if further space is required.

Thank you for making this submission.
