I do NOT wish to make a personal submission at the hearing, and ask that this written submission be considered.

I wish to talk to the main points in my written submission at the hearings to be held between Tuesday 7 June and Friday 10 June 2005.

I feel indignant about the prospect of the closing of the facility at the Resource Centre at Edgeware.

I am without a computer at the moment so I frequently go to the Computer Centre and every time I go I find there are people coming and going to events and courses which take place at the centre. There is a large timetable which ^{shows} what is happening when. A very busy place, indeed.

Rate payers should have these local facilities to use. There is nowhere else.

Please continue your submission on the back of this page. You may add more pages if you wish.
