<b>Your Submission:</b>	<p>In regards to the proposed isac lake plan.</p> <p>I am a compitive Kayaker and also a coach of a NZ rep kayaker. we use the Avon every day and the weed and conjection is getting worse every day.We all need a venue able to cater for top level international competitons of all areas of water sports. This will lift the level of our competitors and also bring international events to NZ. Christchurch as a growing and forward thinking City should take the lead and make Isac's lake a reality.</p> <p>We would then pull alot of water sports National events to Christchurch, which would help the whole CHCH economy and elivate our own competitors at the same time.</p> <p>In my view and others that train and race kayaks and multi sport boats and rowers need this for their sports to grow and excell.</p> <p>Regards Mike</p>
