- I do NOT wish to make a personal submission at the hearing, and ask that this written submission be considered.
- I wish to talk to the main points in my written submission at the hearings to be held between Tuesday 7 June and Friday 10 June 2005.

- ① I understand that Council expect me to pay 50% of the cost of undergrounding the power lines. The lobby group estimate that cost to be \$3000-\$4000. This is an excessive sum and unfair burden on the Hamilton Ave Ratepayers. I would be happy to contribute a more reasonable sum (\$1-1.5k).
- ② Why can't Council fund some of the undergrounding from the Orion dividend, as paid to CH2M City Holdings Ltd?
- ③ The power poles are ugly, require frequent maintenance and are possibly a Health & Safety issue. Undergrounding would benefit the households - as well as the Council/orion and probably have a reasonable pay-back period when the cost and non-cost attributes are considered.

Please continue your submission on the back of this page. You may add more pages if you wish.
Submissions close on Friday 13 May 2005

- ④ I understand that the kerb & channel renewal programme is being rolled out - surely this is the time to also do the undergrounding, with perhaps a modest capped contribution from ratepayers. (say \$750-\$1500). 2006 Draft Annual Plan
