I do NOT wish to make a personal submission at the hearing, and ask that this written submission be considered.

I wish to talk to the main points in my written submission at the hearings to be held between Tuesday 7 June and Friday 10 June 2005.

*My wife & I have lived in Hamilton  
I've now got 18 years & my parents 17 years  
before that. I am 74 years of age &  
would have to ask myself "what is  
~~so~~ in the revenue upgrade for me".  
After all how many more years will I  
be here. So why am I entering this  
submission? It is pride in the street &  
pride in the city. I do not see any  
point in upgrading any street anywhere  
in the city & not <sup>undergrounding</sup> upgrading the overhead  
wiring. The whole overhead system  
needs to be upgraded & only today 2/03/05*

Please continue your submission on the back of this page. You may add more pages if you wish.

Submissions close on Friday 13 May 2005

workmen are replacing a hardwood pole, which is rotted at the base & leaning on a crazy angle.

I see & object to the 50% policy as unfair, when the residents are expected to pay half for an asset which they will never ever own. On top of that they are expected to pay a line rental. Hardly the actions of a caring council.

I fully support the Hamilton / Chelmsford action groups submission & would like the opportunity to speak to this submission in June.
