I do NOT wish to make a personal submission at the hearing, and ask that this written submission be considered.

I wish to talk to the main points in my written submission at the hearings to be held between Tuesday 7 June and Friday 10 June 2005.

We believe the full cost of undergrounding should be met by the CCC because -

- 1/ We pay very HIGH RATES for which we receive proportionately little in return. Very little money has been spent on the street for many years and it is substandard!
- 2/ We have been told Hamilton Ave is not a priority for undergrounding. However many small streets in low value areas (with low rates) have had full upgrades including undergrounding, even though they don't meet the criteria quoted to us (arterial routes etc) eg. in Charleston + Woolston
- 3/ It seems a huge waste of funds to upgrade the street without also undergrounding the wiring
- 4/ Income from the CCC shareholding in Orion should be applied to this project.

Please continue your submission on the back of this page. You may add more pages if you wish.
