Your Submission:

P37. Streets & Transport
Kerb and channel renewal (remove dished channels by 2023). Renew 17 km of kerb and channel.

I wish the council to consider completing the removal of dished channels on the N side and SW side of Hawkesbury Avenue. The SE side from Somme St to Rutland st has been completed for some years now.

Consideration should also be given to slowing traffic approaching Somme St from Browns Rd and to planting trees and selectively grassing roadside margins. There is a problem with speeding traffic from Browns Rd to Rutland St which needs to be addressed. We observe that traffic from Rutland St to Somme St does not seem to speed and consideration for bus turning from that direction indicates little change to that section of Hawkesbury Av should be made.
