Your Submission:

Consider 1. Due to congestion at the Airport please consider a Transport system to and from the Airport. eg. shuttle bus/train service from (A) to (B). Must have good car parking facilities and be near to city. eg. the old railway station location.  
e.g. Possible shuttle/bus pick up at some Malls?

2. More affordable city parking. It is too hard to find parking when dining out at nights especially during peak times. Everyone else is doing the same.

3. New city council building location. Must have provisions for car parking.

4. More car parks needed for the Beckenham Library please. This is a great library but at times no car parks are available due to other activities on.
