As an owner of two Cafes in the area that this Tram extension effects I feel that this extension is imperative to the future of the Christchurch CBD . This will bring tourists into the area and highlight to them the fantastic central city that we have.

Also as an employer of 15 local people this will further secure their jobs in the inner city.

I also feel that the extension of the tram to the southern area including Turners and Growers and AMI Stadium will further generate public transportation as opposed to private cars.
