I think that extending the tram route is an excellent idea for the following reasons;

1. Will allow visitors to experience more of what Christchurch has on offer.
2. The trams are an important part of Christchurch's heritage and the extension proposal is going to help secure and preserve this important part of our city's culture.
3. The trams will travel past important buildings and sites such as the Cathedral and the Bridge of Remembrance.
4. The trams are an attractive part of our city and give the city a point of difference. It would be nice to see them more regularly and especially see them flow through one of the city's main malls.
5. It will hopefully give Christchurch back it's buzz.
6. The cafes and bars down oxford terrace will benefit from increased customers and the trams would add to the pleasant outlook that is the Avon river.

Thank you for considering my application
