Schedule of Deletions

As part of the preparation of this Plan some projects have been dropped from the original forward programme. These are listed on pages 23-24 together with the reason for the deletion.

Community Board Funded Projects

These are the projects which Community Boards propose to fund in the 1998/99 year. As well as being included in the capital programme which follows, they are also listed separately on pages 86-89.

The Council has allocated \$300,000 to each Board which has complete discretion as to how this money is to be spent. This allocation enables Boards to fund projects which may not have been accorded a priority on a city-wide basis. It is made following consultation within each community area.

5 Year Capital Expenditure Programme

Space does not permit details of all projects within this listing. Readers are welcome to consult the Corporate Plan: 1998 Edition which is available for inspection at all Service Centres and at the Civic Offices.

The 'unspecified projects' above relate to the programme as a whole and not to individual units. The provision for years 2, 3, 4 and 5 will allow for yet to be identified projects to be added in the future.
