

Community Affairs Committee

About the Committee

The Community Affairs Committee of the Spreydon-Heathcote Community Board is made up of Community Board members and is chaired by Phil Clearwater.

Meetings of the Committee are more informal in nature than Board meetings and allow for greater discussion and deliberation. Requests for deputations to a Board meeting may, on occasion, be referred to the Community Affairs Committee meeting to allow the opportunity for more detailed discussion.

The Community Affairs Committee can be the first point of contact for a deputation. Submissions/proposals can be discussed at length, amendments may or may not be made, and then recommendations arising can be presented to the next Community Board meeting for a decision.

Community Affairs Committee meeting dates

The Community Affairs Committee meets once every two months on Tuesday at 4.30pm in the Beckenham Service Centre Conference Room.

Additional dates can be arranged to meet demand at the discretion of the Chairperson.
