Chairperson, Burwood/Pegasus Community Board

One of the objectives of the Burwood/Pegasus Community Board is to ensure effective consultation and communication occurs with residents and groups within the Burwood/Pegasus community.

The Board recognises the importance of residents' associations and the part they play in the community.

The Board places considerable emphasis on its relationship with the community and in particular residents' associations within its area.

This document has been prepared primarily as a community resource. Those who read the document will gain a greater awareness of:

- The make-up of the Burwood/Pegasus Community Board and its relationship to the Christchurch City Council.
- The Burwood/Pegasus community and its community resources.
- The aims of the Burwood/Pegasus Community Board in its current term (ie 1999 to 2001).
- The role that residents' associations play in their communities and their relationship with the Burwood/Pegasus Community Board.
- The Shirley Service Centre and Advocacy Team, including the services they offer and the part they play in relation to the wider community, the Board and the City Council.
- Other community groups, and organisations, such as libraries, creches and the like.
- How residents' groups are formed and how community interest can be maintained.

Message from the Community Advocate

The Burwood/Pegasus Advocacy Team serves as part of an integrated, community-focused Council Unit responsible for building relationships with citizens and communities.

Our team is available to act as the direct link to the community for all Council functions. In this way we act as advocates for the community in ensuring that your suggestions, needs and concerns are addressed. As advocates for the Council we ensure that Council information and outcomes are known, and that residents are provided access to the Council's decision-making processes.

Part of our work entails support for the Burwood/Pegasus Community Board, ie your elected members. In this role, we work closely with the Board assisting elected members in networking and discussion with a wide range of groups or individuals in the community.

Work typically related to the above support involves the process of seeking community views on a wide range of issues, assisting with the implementation and/or overview of Council projects (such as roading, parks and community support services), and assisting with the determining and prioritising of projects of a local nature. In all of this activity we also maintain strong links with our colleagues in the Council's various business units.

The Advocacy Team welcomes any enquiries on information or will support your access to the Community Board, or to other Units of the Council.

The Team also holds a responsibility for community development at a local level. An outcome from efforts in this direction will often see us as part of your community, working together to achieve agreed ends. While the Team already has many established contacts, and contact groups, in the community, the challenge is to maintain these relationships and to enhance our network to embrace further partnership possibilities.

The Community Advocacy Team is here to provide the support and guidance in building ongoing relationships between the Council and the community. We welcome the opportunity to sit down with any of you to discuss any matters related to achieving this end.

Information on the Community Advocacy Team is detailed on page 11 of this document.

Peter Francis

Community Advocate

on behalf of the Burwood/Pegasus Advocacy Team

Burwood/Pegasus Community Board

Functions

The Board comprises of six directly elected members and three members (Councillors) appointed by the Council, giving a total of nine members.

Community Boards undertake tasks delegated by the City Council and also have input into the Council's budget process. Community Boards have an obligation to communicate with community organisations and special interest groups. They have an overview of road works, water supply, sewerage, stormwater, drainage, parks, recreational facilities, community activities, community funding and traffic management within their community.

The Community Board is not a separate authority. It is part of the elected structure of the Council and reports each month to the Council in the same way as the Council's Standing Committees. It considers all matters that have a local effect and communicates the views of the community to the Council. Any individual or group may request a formal deputation to the monthly Board meeting two weeks prior to the meeting.

The Board meets at least 11 times a year, usually at the Shirley Service Centre at 4.00pm, and generally on the first Monday of the month. The date, time and locations of meetings are publicly advertised in the Public Notices of The Press.

Forms of communication between the Board and Residents' Associations include:

- At each ordinary meeting, in addition to receiving any formal deputations, time is set aside for representatives of residents' associations to address the Board on matters of interest or concern.
- Copies of the Agenda for each ordinary Board meeting are forwarded to acknowledged residents' associations.
- Regular informal meetings are held between the Board and associations.
- An opportunity for input into the Council and Board's budget process, on behalf of residents' associations.

The Board considers all matters that have a local effect and communicates the views of the community to Council. Deputations by Appointment from individuals and any community group are welcomed at Board meetings, and are an effective means for getting your point of view across.

Statement of Priorities 1999/2000

Mission Statement

Through Advocacy the Board will effectively and efficiently meet the needs of the Burwood/Pegasus community by being responsive to local issues, and working towards a socially aware, safe and active community."

The Community and its People

- Recognise and value the contribution of voluntary community effort.
- Encourage and promote community development that is responsive to the needs of all age groups in the Burwood/Pegasus community.
- Promote recreation and leisure activities in the Burwood/Pegasus community.
- Supporting established strategies and policies, including those for youth, children and elderly.
- Assist and foster residents' associations and community organisations.
- Support community employment schemes and initiatives.
- Encourage affordable early childhood education facilities and out of school programmes.
- Acknowledging the cultural diversity and heritage values of our community.

Our Environment

Natural Environment:

- Promote community involvement in recycling and waste minimisation.
- Encourage protection and enhancement of river, estuary, wetland and coastal park environments.

Advocate for environmental improvements to air, water, soil, drainage and waste disposal.

Encourage the concept of green linkages.

Further enhance tree planting and revegetation in the Burwood/Pegasus area.

Physical Environment:

- Promote safer roads and pedestrian access that serve the community well through appropriate traffic management.
- Support and promote the provision of cycleways and cycle routes.
- Monitor all safety aspects for public parks and reserves.
- Promote and enhance active and passive parks to meet community needs.
- Support an effective public transport system that meets the needs of our community.

The Community Board

- Provide Council with timely and accurate information on issues relating to local needs and priorities.
- Consult with the community and encourage submissions on local and metropolitan issues, including the Annual Plan and Budget.
- Facilitate and support the provision and management of appropriate community facilities.
- Promote and encourage greater delegation from Council to Community Boards.

Review Process

The Board's achievements in respect of priorities shall be reviewed annually.

Burwood/Pegasus Community Board cont'd...

Board meetings

The Board meets at least 11 times this year, at the Shirley Service Centre, at 4.00pm on the first Monday of the month. The date, time and location of meetings are publicly advertised.

Awards

The Board has a number of award schemes in operation:

- Community Service Awards • Certificate of Acknowledgement • Youth Awards •
- Environmental Pride Awards • Community Pride Garden Awards •

Community Service Awards

These are awarded each year to groups or individuals, in recognition of exceptional voluntary service benefiting residents or organisations in the Burwood/Pegasus community. This is usually recognition of exceptional long-term service to the community and is the Board's highest honour.

The areas of voluntary service include sport, recreation, youth activities, education, religion, welfare services, community or cultural affairs.

Nominees living outside the area will be considered if the community service has been carried out in the Burwood/Pegasus community.

Certificate of Acknowledgment

This Award is similar in respect to the criteria for a Community Service Award, however, it is for service over a shorter period of time or for a standard of community service that does not quite meet the level of a Community Service Award.

Youth Awards

Closely aligned with the Community Service Awards scheme is the Youth Award. It aims to recognise the efforts of people up to the age of around 24 for sporting, recreation, education, religion, welfare services, community or cultural affairs.

Environmental Pride Awards

The Environmental Pride Award was initiated by the Board to recognise the voluntary work of groups and individuals in enhancing their physical environment. Awards have been granted for everything from painting of toilet blocks to people keeping their neighbourhood tidy.

Community Pride Garden Awards

The Community Pride Garden Award Scheme is a Council initiative to acknowledge the contribution made to the Garden City image of Christchurch by many private residential properties. Gardens are selected for these awards as part of the street competition, which is a partnership between the Christchurch City Council and the Christchurch Beautifying Association. The assessments are undertaken during the months of December and January and are based on the following:

- Evidence of effort or improvements made to the garden and the effect on the streetscape.
- Overall tidiness of property/garden and evidence of community pride.
- Horticultural/landscape impact of garden on street.

The owners of gardens selected are presented with a certificate which acknowledges their efforts and contribution to maintaining the Garden City image of Christchurch. Household owners who wish to enter into garden competitions may do so by entering one of the competitions run by the Canterbury Horticultural, or Beautifying Associations.

Shirley Service Centre

Functions

The Service Centre is located at 36 Marshland Road and is incorporated into the Shirley Library.

The Service Centre, which is one of six throughout the City, is set up to deliver a range of City Council public services to the residents of Christchurch and visitors.

The Service Centre is open from 9.00am - 5.30pm, Monday to Friday (with a late night on Thursdays until 8.00pm), and from 10.00am until 1.00pm on Saturdays.

Services available include:

- Advisory services covering community activities and facilities, sports, recreation and funding.
- Information and advice on bylaws, parks, roading and traffic related matters.
- Counter services, including general enquiries and receipting of payments to the Council.
- Processing of building and resource consents.
- Investigations into environmental health complaints and nuisances.

Shirley Service Centre

Burwood/Pegasus Advocacy Team

The Burwood/Pegasus Advocacy Team is primarily responsible for the promotion of community development and social programmes which reflect the needs and perspectives of the Burwood and Pegasus communities. It is also responsible for providing accurate advice to the Council, Community Board and the community on issues relating to community development and enhancement issues. The Advocacy Team also provides an important communication link between the wider community and the Council's functions. To this end, it should be the first point of contact for residents with Council-related enquiries or concerns. It also plays a significant role in the implementation of Board and Council policy.

The Advocacy Team and their roles are as follows:

Peter Francis - Community Advocate

Overall responsibility for the operations of the Advocacy Team and principal adviser to the Burwood/Pegasus Community Board.

Walter Friedel - Community Secretary

Responsibility for administration to the Burwood/Pegasus Community Board, including agendas, minutes, correspondence and deputations to the Board.

Paul McOscar - Community Development Adviser

Responsible for the efficient management and administration of services to those groups and organisations who come under the umbrella of community development processes.

Kaye Parker - Community Technical Adviser

Responsible for monitoring and implementation of maintenance issues, including pot holes, footpaths, berms, parks and street issues.

Leanne Rapley - Secretarial Services Officer

Responsible for general administration and typing services.

Malcolm Taylor - Area Engineer

Responsible for the overall planning, development and maintenance of the city's roading assets in the Burwood/Pegasus Community Board area. Based in the Civic Offices, phone 379-1660.

Gary Harrow - Area Parks Officer

Responsible for the overall planning, development and maintenance of parks within the Burwood/Pegasus Community Board area. Based at the Linwood Service Centre, phone 389-1477.

Vanessa Taylor - Community Recreation Adviser (Burwood)

Responsible for administration of recreation activities in the Burwood Ward, including holiday programmes and Kidsfun after school programmes. Based at the Linwood Service Centre, phone 389-1477.

Appointment pending - Community Recreation Adviser (Pegasus) in the Pegasus Ward.

Fax: 385-4224

Monday to Friday, 9.00 am to 5.00 pm

Shirley Service Centre *cont'd ...*

Community Services

Community Van

The Burwood/Pegasus Community Van is available from the Service Centre. The van is an 11-seater and is available for use by community groups. There is no charge for its use other than replacement of any fuel and oil used. The van is available to Burwood/Pegasus activity groups. On application it may be available to residents outside of the Burwood/Pegasus community. The vehicle is for use within the Canterbury province and only on sealed roads. Applications and criteria for the van's use can be obtained from the Shirley Service Centre.

Holiday Programmes

Holiday programme information is available from the Service Centre. Programmes are planned and managed by the Leisure Unit and are generally staged at:

- Queenspark School • Wainoni School • Parklands Community Centre •
- South New Brighton Community Hall •

The programmes cater for children from 5-12 years, with differing activities offered to meet the needs of younger and older children alike. They aim at providing children with a well-rounded programme which includes arts and crafts activities, outings and physical activities.

The locations and content of these programmes may change over time to keep pace with the changing demographics and needs of local communities. The continuity of these programmes is also dependent on funding being allocated.

Various community groups also run holiday programmes. Information relating to these programmes can be obtained from Recreation Advisory staff, phone 372-2663 or 025-229-7418.

After School Programmes

'Kidsfun' After School Programme is run from two venues:

Parklands Community Centre	Aranui Primary School
Thursday 3.00pm - 4.30pm	Friday 3.00pm - 4.30pm

This is a free after school programme operating during school term time. The programme provides professional, trained staff. Kidsfun aims at providing children with a well-rounded programme, which includes a mixture of arts, crafts and physical activities.

The programmes give children something constructive to do with their spare time in a friendly, non-threatening environment.

The locations and content of these programmes may change over time to keep pace with the changing demographics and needs of local communities. The continuity of these programmes is also dependent on funding being allocated.

Shirley Service Centre *cont'd ...*

Out of School Care Programmes

Out of School Care programmes operate in the Burwood and Parklands communities for parents requiring weekly out of school care. This is of particular assistance to working mothers, who cannot pick up children at 3.00 pm. They are operated through independent management committees, and further information can be attained from the Shirley Service Centre.

Events

Many different activity events are organised through the Shirley Service Centre each year, examples are:

Shakedown (Self Help Action for Kids in Emergencies)	Family Fishing Day
Kiwi Tri	Kidsfest Event
	Community Awareness Days

These programmes are targeted to meet the needs of local communities. Once again, the continuity of such events is dependent on funding.

Summary

Shirley Service Centre:

- Located at 36 Marshland Road
Phone 385-3079
Fax 385-4224
- Hours of business: 9.00 am to 5.30 pm Monday to Wednesday and Fridays
9.00 am to 8.00 pm Thursdays
10.00 am to 1.00 pm Saturdays
- Your first point of contact with the Council.
- The support base for the Burwood/Pegasus Community Board.
- Can be contacted for information and advice on community van hire, holiday programmes, after school programmes and other events.

Residents' Groups

In 1991 Council established the following policy to encourage communities to group together and look constructively at the needs and aspirations of their residents. The Shirley Advocacy Team will assist in the formation of any new groups, as well as facilitate the efficient running of existing groups.

Formation and Recognition

That the Christchurch City Council encourages the formation of local residents' groups.

1. That local residents' groups be able to apply to their Community Board for recognition as the "official" residents' group for the area.
2. That residents' group boundaries within each community be determined by the relevant Community Board.
3. That such groups, upon recognition, receive the right to be consulted by the Council on all work planned within their boundaries.
4. That the Council provide free typing and photocopying for official residents' groups, within limits approved by the Community Advocate.

Service Centre Support

Photocopying/Typing Service

Recognised Residents' Associations are welcome to take advantage of the typing and copying service available through the Shirley Service Centre. However, to ensure rational and fair allocation of the service the following criteria will apply:

1. 600 single-sided or 400 double-sided A4 sized copies per month will be available at no cost to each association. Copies in excess of this number will be charged at 4 cents per single-sided copy and 5 cents per double-sided copy.
2. Monthly allocations may be carried forward up to a maximum period of 12 months.
3. Council work must take priority. Therefore, please allow three days for typing and photocopying.
4. Copy that requires typing must be legible. The Council accepts no responsibility for errors or misprints in photocopied text.
5. No charge will be made for the time taken by Service Centre staff to type or run off copies.

Getting Underway

Boundaries

By their nature, residents' groups represent people who live in a particular neighbourhood of interest and have concerns in common. Identifying suitable boundaries is one of the first steps when applying for Council recognition. Boundaries of neighbourhoods may be naturally

Residents' Groups cont'd ...

occurring, for example the loop of a river, or the result of a planning decision such as a motorway. Some are focused on or around shopping centres, while others exist because of zoning regulations, for example where individual zones exist beside residential zones.

Residents' groups function best when there is a common interest or sense of identity. However, before deciding on your boundaries check with the Shirley Service Centre Advocacy Team to find what other residents' groups are adjacent to your neighbourhood in case boundaries overlap.

Steering Committees

It is a good idea to begin with a small steering committee of people who can organise publicity and support for your first public meeting. To find members of the steering committee, you could approach your neighbours, friends or local shopkeepers (should they be residents). It would be helpful at this stage to contact the Shirley Service Centre. The Community Development Adviser is available to provide advice and support.

The First Step

Many groups have found that a public meeting is the best way of getting the community involved. However, attracting people away from their homes to a meeting is not always easy. It involves selecting issues that the community sees as important and organising an effective publicity campaign.

When publicising the meeting select a theme or issue that is important to the residents you wish to attract. Issues will vary from area to area. Some residents will be concerned about protecting or enhancing the character of their neighbourhood. In other areas, the issue may involve concern over a proposed motorway, or the future of the trees on the banks of the Avon. Having selected an issue, or perhaps having invited a popular speaker, it is important to publicise the meeting as widely as possible.

Here is a useful checklist:

- Talk to as many residents as possible about the meeting.
- Publish a leaflet with date, place, time and purpose of the meeting and distribute through people's letterboxes.
- Place notices in local shop windows, church noticeboards, medical and community centres.
- Ask the local newspaper to publish a small article about your meeting.
- Invite your City Councillors and Community Board members.
- Request local radio stations to publicise it in their community diaries.
- Officially invite and inform other local organisations, eg service clubs, churches.

To help and encourage participation, the Shirley Service Centre may be able to assist with seeding or promotional costs. Discuss this with the Community Development Adviser.

The Public Meeting

The success of your public meeting will depend on a number of factors.

1. Ensure that the venue is accessible to all, especially the elderly and people with disabilities for whom access is important.
2. The venue should be warm and welcoming. It is important that you develop an informal and appreciative atmosphere. Some groups begin their meetings with tea or coffee to give those attending a chance to meet each other. Name tags are very useful. Seeding funds are also available to assist the establishment of new groups.

Residents' Groups *cont'd ...*

3. The meeting must be well chaired to keep to its primary focus. Many people lose interest or become disillusioned if the meeting fails to achieve its objective or becomes distracted with other business. Do not allow any individual to dominate proceedings, encourage all participants to have a say. Invite a notable and respected person from your community to chair the meeting. Make sure they are well briefed on its objective.

Frequency of Meetings

The residents' committee should meet regularly and at an agreed time and venue. Once a year a general meeting should be held to elect officers and present an annual report.

Keeping Your Residents' Group Alive

During the first few months of your committee's existence, the enthusiasm of belonging to something new will result in a good response from people in your neighbourhood. Over a period of time, however, this enthusiasm could fade. The committee will need to make a special effort to ensure that residents are aware of what is happening and to stay in touch with their concerns and priorities. Some residents' groups publish a regular newsletter, others organise local events, socials, fairs and learning opportunities. Many residents' groups have become actively involved in promoting neighbourhood support groups.

Try to make your meetings interesting. By ensuring that meetings are well managed, held in comfortable surroundings and always have an achievable objective, you are more likely to keep the enthusiasm of your members alive. Involve all members and do not allow one person to dominate or monopolise the group's tasks. Ensure duties and tasks are shared amongst the committee.

Spend as little time as possible discussing details, and encourage discussion and contributions from everyone in the area. Specific projects such as tree planting or social activities will help to foster a sense of achievement and community. Concentrating your activities will help to foster a sense of achievement and community. Concentrating your efforts on a number of small problems may be a wiser course of action than larger, more frustrating and time-consuming projects.

Tackle the big issues by all means, but be sure that a number of smaller, more achievable projects keep your committee alive. If you feel your committee is getting bogged down in the same old things, have another look at the original aims and objectives in your constitution, and ask yourselves if you are really achieving those things you set out to do.

People need to enjoy the things they are involved in, so try to keep a sense of fun about all that you do. Membership of a well-run residents' group can be a very rewarding experience.

The Burwood/Pegasus Community Board, in supporting the policy, actively promote:

1. Consultation on Projects (roading, parks, traffic, Neighbourhood Improvement Plans and Local Area Traffic Management Schemes).
2. Regular residents' association meetings with an open forum.
3. Provision of a special time set aside (6.00pm) at each ordinary Board meeting to address the Board on matters of concern (prior notice of the topics to be discussed is required).
4. Consultation in regard to the allocation of the Board's Project Funds and the Council's Annual Plan and Budget.
5. Close liaison between the Board and associations by Board members attending association meetings.

Residents' Groups *cont'd ...*

Summary

- The Council encourages the formation of residents' groups, grants them formal recognition and provides some administrative support.
- Residents' groups need to make a special effort to maintain the interest of its community.
- The Burwood/Pegasus Community Board actively supports the promotion of residents' groups.

Organisations

Community Database

A diverse range of organisations and community groups are found throughout the Burwood/Pegasus community.

These include: friendship clubs, religious and ethnic organisations, health and welfare services, education services (including pre-school and childcare), sports and recreation clubs, and crafts/hobbies groups, to name but a few.

Details of these groups, including their location and contact people, are logged on the CINCH which may be accessed through the Council Libraries network. The Service Centre also maintains a database specifically targeted at the Burwood/Pegasus community.

Community Constables

The Burwood/Pegasus community is well serviced by Community Constables. A small brigade of volunteers also operate a kiosk in the foyer of the Library/Service Centre on behalf of the Shirley Community Constable.
