

Community Board Objectives

The Board has the following objectives for 1999/2000

1. Effective consultation with the Hagley/Ferrymead community.
2. To provide the Council with timely and accurate information on issues relating to community needs and priorities.
3. To monitor the implementation of capital projects (except those designated as major or metropolitan).
4. To seek to implement the Board's aims as set out in its Statement of Intent.
5. Ensuring that the Councillor for the Hagley/Ferrymead community who is not appointed to the Community Board is kept fully aware of relevant issues within the Board's area.
6. That the Board acknowledges Agenda 21 and undertakes to operate under its principles.

The following Performance Indicators will be used to measure outcomes:

1. Communication with the Hagley/Ferrymead community is to be conducted throughout the year by way of:
 - (i) Distributing three newsletters throughout the community.
 - (ii) Holding no fewer than three general consultative meetings with residents' groups and no fewer than three general consultative meetings with other sector groups.
 - (iii) Consultation with groups in the community to obtain input into the Annual Plan and Budget Process.
 - (iv) Updating the Hagley/Ferrymead Resource Kit annually.
 - (v) Liaison between Community Board members and Residents' Associations by attendance of Board members at Association meetings.
 - (vi) Allocating time at each Community Board meeting for representatives of Residents' Associations to acquaint the Board with community issues.

Community Board Objectives cont'd ...

2. That all significant issues or concerns raised through the community consultation process be reported to the Council through the Board's monthly reports.
3. That the Board considers Capital Project reports on a regular basis.
4. That the Board consider an annual report on progress made in implementing the aims of the Statement of Intent.
5. That all relevant material is forwarded to the elected member in a timely fashion.
6. That the Board identifies through the Statement of Intent its commitment to Agenda 21 principles.
