Message from the Community Advocate

The Hagley/Ferrymead Advocacy Team serves as part of an integrated, community-focused Council Unit responsible for building relationships with Citizens and communities.

Our team is available to act as the direct link to the community for all Council functions. In this way we act as advocates for the community in ensuring that your suggestions, needs and concerns are addressed. As advocates for the Council we ensure that Council information and outcomes are known, and that residents are provided with access to the Council's decision-making processes. Part of our work is support for the Hagley/Ferrymead Community Board, ie your elected members.

In this role, we work closely with the Board assisting elected members in networking and discussion with a wide range of groups or individuals in the community.

Work typically related to the above support involves seeking community views on a wide range of issues, assisting with the implementation and/or overview of Council projects (such as roading, parks and community support services), and assisting with determining and the prioritising of projects of a local nature. In all of this activity we also maintain strong links with our colleagues in the Council's various business units.

The Advocacy Team welcomes your enquiries seeking information or access to your local Community Board, or to other Units of the Council.

The Team also holds a responsibility for community development at a local level. An outcome from efforts in this direction will often see us as part of your community working together to achieve agreed ends. While the Team already has a number of established contacts and contact groups in the community, the challenge is to maintain these relationships and to enhance our network to embrace further partnership possibilities.

The Community Advocacy team is here to provide support and guidance in building ongoing relationships between the Council and the community. We welcome the opportunity to sit down with any of you to discuss matters related to achieving this end.

Alan Dunlop
Community Advocate
Hagley/Ferrymead

Chairperson Hagley/Ferrymead Community Board

The purpose of this Community Plan is to let the community know what the Council and Community Board intend to do in the Hagley and Ferrymead Wards in the 1999/2000 year and in the following years.

Each year the Council issues an Annual Plan covering the whole city. This Community Plan contains extracts from Volume 2 of the Council's Annual Plan which refer to local projects and expenditure, and some metropolitan projects and expenditure of particular significance to the Hagley/Ferrymead community. It also contains additional information relevant to the community which is not contained in the Annual Plan.

The Council hopes that this will assist community participation in the planning of future Council activities and expenditure by all users of Council facilities and services.

The Community Board objectives for the year have been formulated following extensive consultation with community groups and a range of stakeholders in the two wards. The Board's objectives and its allocation of funds to specific projects which meet these objectives are detailed on pages **45-46, and 50-51**. In addition to the project funds already allocated, the Board has \$50,000 in discretionary funds for allocation throughout the year.

The Community Plan is accompanied by two further volumes, 1 and 2, of the Council's Annual Plan. These deal with the wider metropolitan issues and include the Council's budget for the whole city.

As Chairman of the Hagley/Ferrymead Community Board I welcome your participation in planning for the future of your community, as do all members of this Board.

The Board has an important role in representing the views of residents of the Hagley and Ferrymead wards. It has a wide range of delegated powers in relation to local matters and in an advisory or advocacy role in relation to metropolitan matters that affect us locally.

Bob Todd
Chairman
Hagley/Ferrymead Community Board

Residents' Groups

What is a residents' group?

Residents' groups exist to provide support and assistance to their neighbourhood. They have a common purpose and set out to achieve a common goal. They may be set up to provide recreation activities, eg playgroups, or in response to a perceived threat to the stability or character of a neighbourhood, eg saving an historic building. Their primary purpose is to provide a focus for the needs and aspirations of the residents of an area.

Maps detailing the areas covered by existing residents' groups, together with contact names, are shown on pages **21 to 28**.

Residents' groups formation and recognition

1. The Christchurch City Council encourages the formation of local residents' groups.
2. Local residents' groups are able to apply to their Community Board for recognition as an 'official' residents' group for their area.
3. Residents' group boundaries within each community are determined by the appropriate Community Board.
4. Such groups, upon recognition, receive the right to be consulted by the Council on all work planned within their boundaries.
5. The Council provides free typing and photocopying for official residents' groups, within limits approved by the Advocacy Team.

Service Centre Support for Residents' Groups

The Linwood Service Centre, in conjunction with the Hagley/Ferrymead Community Board, is able to offer the following support to recognised residents' groups:

- A modest allocation of photocopying without cost, up to a maximum of 600 single-sided or 400-double sided A4 copies per month, and some assistance with typing.
- Because of the many demands upon the time of the Council's staff, a reasonable lead time for typing and photocopying is needed - at least three days.
- Assistance to community groups to meet to discuss and meet community challenges.
- Assistance with the setting up of new residents' groups.

The Linwood Service Centre support for Hagley/Ferrymead residents' groups is aimed at improving residents' groups profiles and at keeping members of the community informed about community groups and initiatives.

Community Services

With assistance provided by the Hagley/Ferrymead Community Board two services are available from the Linwood Service Centre:

Gear Pool

A range of recreation and sports equipment is available for hire by community groups for a nominal charge. Equipment is available for the following sports:

Volleyball, Basketball, Softball, Touch, Badminton, Cricket, Tennis,
Soccer and Netball

Equipment is also available for organised holiday and recreational programmes.

Community Van

An eleven-seater van is available for use by community groups.

There is no charge for its use other than replacement of any fuel and oil used.

Strict conditions regarding its use apply. As the van is well used, bookings should be made well ahead of the desired date.

Leisure Club for Older Adults

A Leisure Club for older adults is held at the Phillipstown Community Centre on Tuesdays from 1.30pm - 3.15pm during school term time only. A range of outings, visiting speakers and a chance to socialise is provided.

Community Activities cont'd ...

Community Database

Within the Hagley and Ferrymead wards are a multitude of community groups, organisations and agencies. These vary from a local scouting branch to sporting organisations, social support agencies and hobby groups.

To assist customers in finding out what is available in this community, a database of these groups is being developed. Located at the Linwood Service Centre, the "Community Resource Database" is able to be accessed during business hours. On this database are literally hundreds of records of community groups and organisations in this community.

If you are wanting to find out some details about a certain group, or gain an idea of what community groups are in your suburb (eg pre-school groups in Linwood), contact or call into the Linwood Service Centre.

Holiday Programmes

The Linwood Service Centre co-ordinates holiday programmes at Bromley and Linwood during the school term holidays.

The programmes cater for children from 5-10 years at Bromley and 7-11 years at Linwood, as well as a youth programme for 11-15 year olds. They aim at providing children with a well-rounded programme which includes arts and craft activities, outings and physical activities (orienteering, kiwisport).

The programmes are to assist parents who need time out in the holidays as well as giving children the opportunity to meet new friends.

The Linwood Service Centre also has information on holiday programmes run by the local community.

After School Programmes

These programmes provide quality care by professional staff who offer the children a selection of activities during the school term. They help children find something constructive to do with their spare time in a friendly and non threatening environment.

Kidsfun Programmes are available on Tuesdays at Linwood North School and on Wednesdays at Linwood Avenue School. These programmes are free and run from 3.00pm - 4.30pm. Kidsfun and After School Programmes are provided during school term time only.

Community Activities *cont'd ...*

After School programmes are available in the Hagley/Ferrymead area at various facilities:

- Bromley Community Centre from Monday to Thursday from 3.00pm to 5.00pm at a cost of \$1 per day.
- Woolston Development Project at 497 Ferry Road - contact Diann Lowry on telephone 389-4448 for details.
- ROOST - Richmond After School Programme, Richmond School - contact Jarrod Tumai on telephone 377-8725 for details.
- SOSCAR - Sumner After School Programme, Sumner Primary School, Dryden Street.
- Phillipstown After School Programme, Phillipstown Community Centre, Nursery Road.

Community Funding

Community Funding application forms are available from the Linwood Service Centre once a year, during the months of February and March.

Officers from the Service Centre run an annual funding seminar early each year. Help is available to assist you in filling out application forms from Ruth Evans or Helen Gallagher at the Service Centre.

Funding applications close on 31 March each year.

The annual funding available covers two areas - Community Development and the sport and recreation funding available from the Hillary Commission.

Arts funding is available from Creative Communities New Zealand to stimulate and provide support for local arts and cultural activities. This funding is available to individuals (providing they have a sponsoring organisation), and to groups.

For more information on this funding scheme, contact the Community Arts Worker at the Civic Offices, telephone 379-1660.

City Housing cont'd ...

The Council has in excess of 2,600 flats ranging from studio apartments to four-bedroom units which are rented at a very affordable rate to people with limited cash assets, a proven housing need, and to those with disabilities. The flats are self-contained and City Housing maintains the buildings and grounds to a high standard. The housing complexes are located throughout the city and applicants' preferences are taken into account when making allocations. The Council is a caring landlord and provides security of tenure while endeavouring to provide for the tenant's safety and well-being and social interaction.

Capt Thomas Courts

Linwood Service Centre

Functions

The Linwood Service Centre is located at 180 Smith Street, which is close to the intersection with Linwood Avenue, just east of the Eastgate Mall.

The Service Centre, which is one of six throughout the city, is set up to deliver a range of City Council public services to the residents of Christchurch and visitors.

The Service Centre is open from 8.00am - 5.00pm, Monday to Friday.

Services available include:

- Advocacy role on your behalf with other Council Business Units.
- Advisory services covering community activities and facilities, sports, recreation and funding.
- Information and advice on bylaws, parks, roading and traffic related matters.
- Counter services, including general enquiries and receipting of payments to the Council.
- Processing of building and resource consents.
- Investigations into environmental health complaints and nuisances.
- Animal Control - advice, receiving of complaints and payment of dog registration fees.

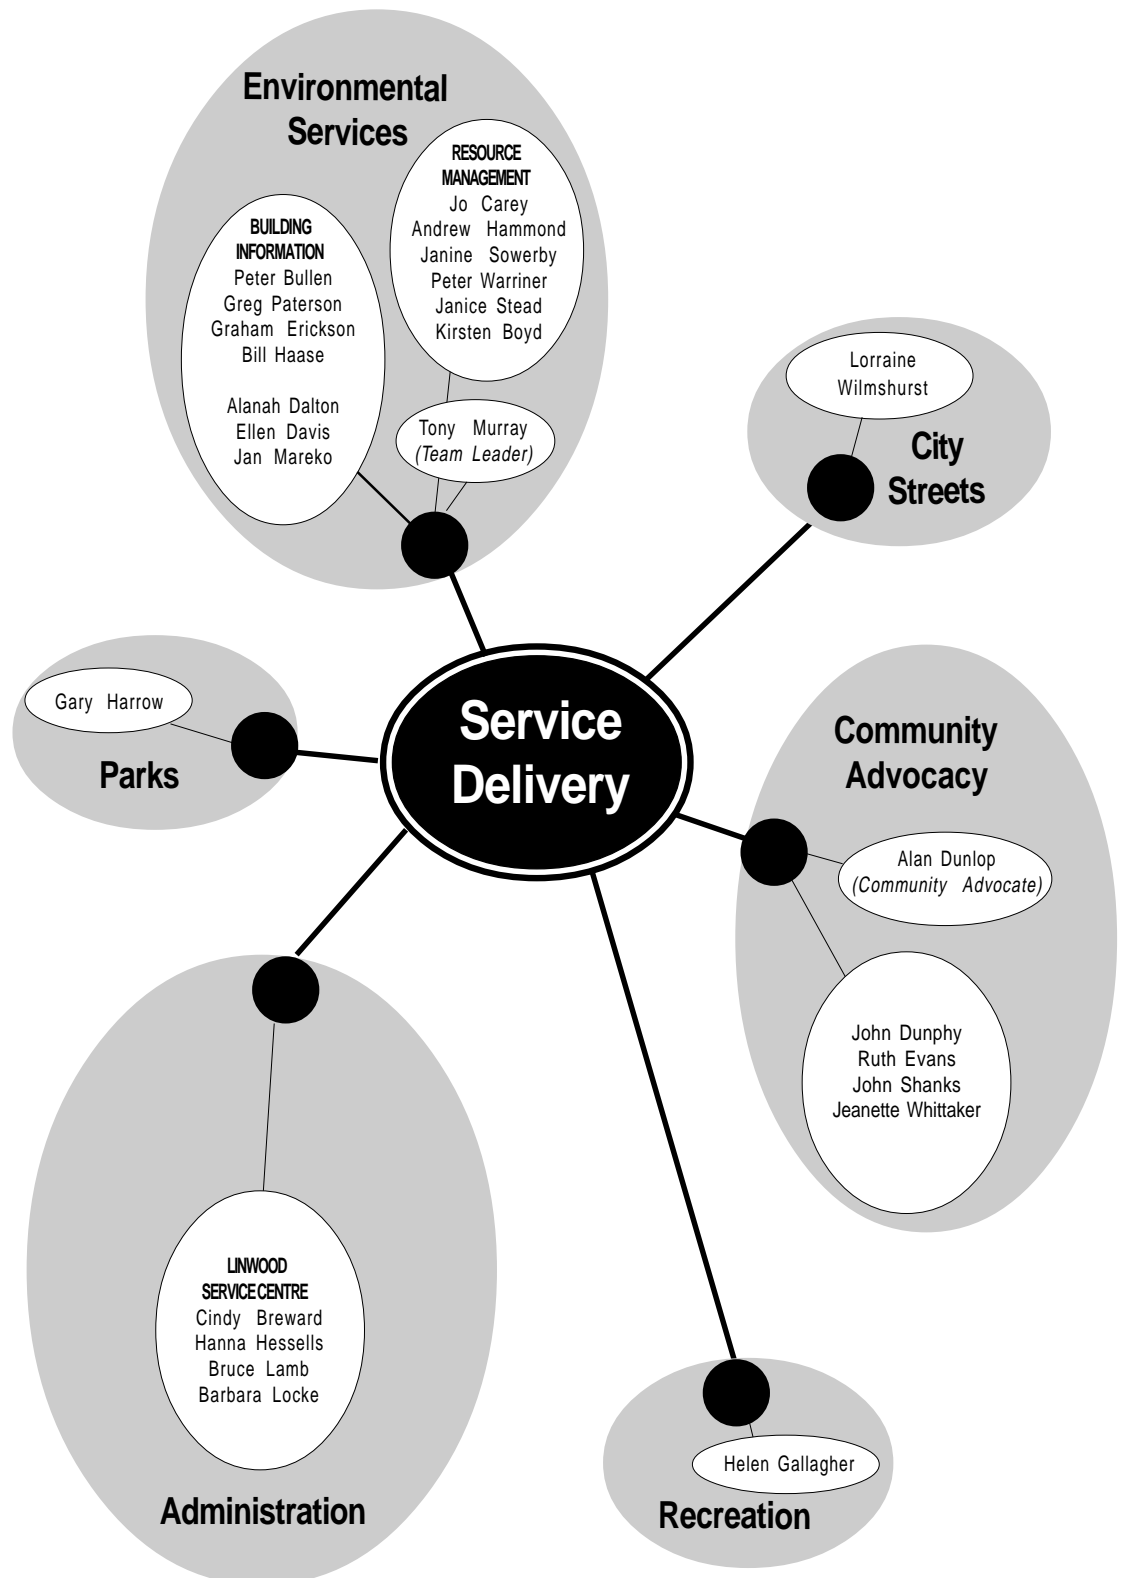

Linwood Service Centre

Organisational Chart as at June 1999

The Community at Large

Geographical Features of Significance

Avon River

Named by the Deans brothers after a stream near their home in Ayrshire, Scotland, and not after the Avon at Stratford. There were, however, early attempts to have it named the Shakespeare.

Cave Rock

Topped with the flagmast that signalled the state of the bar to ships approaching the Estuary, Cave Rock is a large deposit of volcanic lava forming a spacious sea cave.

Maori legend says the rock is a whale cast up on the shore as a result of the magic of Te Ake, attempting to avenge the death of his daughter.

The Estuary

The Avon-Heathcote Estuary is relatively young, probably formed only 450 years ago. The estuary covers 880 hectares (2,174 acres) and is of significance to the people of Christchurch for its geological, ecological and recreational attributes.

Godley Head

Named after John Robert Godley, leader of the Canterbury settlement, Godley Head is the northern point at the entrance to Lyttelton Harbour.

Cave Rock and Sumner Beach

The Community at Large cont'd ...

Hagley Park

Hagley Park is the most significant metropolitan park in Christchurch. Centrally located within the city, Hagley Park is renowned for its extensive area, its wide open spaces and mature woodlands. Hagley Park is also a major sporting and cultural focal point. It offers a diverse range of entertainment, sport and recreational opportunities within close proximity to the city centre. The Botanic Gardens adjoin Hagley Park and are noted for their landscaping and for the wide range of plant species grown.

Hagley Park

Heathcote River

The Heathcote River follows a course over 25km long, running from Halswell to the rocky base of St Andrew's Hill where it discharges into the Estuary.

Moa Bone Cave

Moa Bone Cave, just beyond the eastern end of the Causeway at Redcliffs, opens on to the roadway. This is one of the oldest sites of human habitation in New Zealand, having provided a home and shelter to Moa Hunter Maori, possibly as long as 1,000 years ago. The giant moa, now extinct, and the seashore provided abundant sources of food.

Moa Bone Cave, Redcliffs

The Community at Large cont'd...

Shag Rock

Shag Rock, named by Pakeha in 1855, is a prominent feature of the Sumner scene and rises to 11.7 metres above the sea. It was known to Maori as Rapanui, a name which comes from Hawaiki, the ancient Maori homeland.

Sumner

The settlement was named in 1850 after the Archbishop of Canterbury, Dr Sumner.

Taylor's Mistake

The name supposedly derives from Captain Taylor of the American ship 'Volga' who mistook the bay for the entrance to Lyttelton Harbour in 1858.

The bay was formed by the erosion of the main spur running down from Evans Pass. There are two headlands - one ends in a high cliff between Whitewash Head and Giant's Nose and the other runs out to the lighthouse and becomes Godley Head.

The mouth of the Avon - Heathcote Estuary and Shag Rock - Rapanui

Hagley/Ferrymead Community Board

Functions

The Board is made up of six directly elected members and three members (Councillors) appointed by the Council, giving a total of nine members.

Community Boards undertake tasks delegated by the Council and also have input into the Council's budget process. Community Boards have an obligation to communicate with community organisations and special interest groups. They have an overview of road works, water supply, sewerage, stormwater, drainage, parks, recreational facilities, community activities and traffic management within their communities.

The Community Board is not a separate authority. It is part of the elected structure of the Council and reports each month to the Council in the same way as the Council's standing committees.

Terms of Reference

1. All matters requiring elected member consideration referred directly to it unless there is a clear metropolitan reason for not doing so.
2. A continuing involvement in the functional areas of streetworks, local traffic engineering, refuse collection, elderly persons' housing, local parks, community activities and recreation activities.
3. A policy and monitoring overview of local aspects of streetworks, parks, traffic engineering, community activities and regulatory functions.
4. The preparation of an annual submission to the Annual Plan process, and determining the allocation of the discretionary sum approved by the Council for the community area.
5. The right and duty of active liaison with residents'/business/special interest groups in the community, with the particular objective of expanding the existing residents' groups programme.
6. An on-going obligation to keep the Council informed as to community aspirations and level of satisfaction with the service provided.
7. Advice to standing committees on local implications of all metropolitan projects which have particular impacts on the community in question.
8. Advice to standing committees on local implications of such metropolitan projects which have city-wide impacts as are referred to community boards for comment.
9. Development of programmes and plans for achieving community development, social well-being and community safety outcomes at the local level, within the framework developed by the City Council.

Hagley/Ferrymead Community Board

Board Meetings

The Board meets eleven times a year at the Linwood Service Centre, at 4.30pm on the first Wednesday of the month. The date, time and location of meetings are publicly advertised. Additional meetings are held on an as-required basis.

Hagley/Ferrymead Community Board Meeting Dates 1999/2000

Wednesday 30 June 1999
Wednesday 4 August 1999
Wednesday 1 September 1999
Wednesday 6 October 1999
Wednesday 3 November 1999
Wednesday 1 December 1999
Wednesday 2 February 2000
Wednesday 1 March 2000
Wednesday 5 April 2000
Wednesday 3 May 2000
Wednesday 7 June 2000

Speaking Rights

The Community Board will receive deputations at the beginning of each meeting. If there is an issue that you wish to bring before the Board please telephone the Board Secretary (telephone 372-2602).

A maximum of two speakers is heard for each issue and they are given a total of five minutes each in which to address the board, followed by any questions that Board members may wish to ask.

Community Service Awards

Certificates are awarded each year to individuals or groups in recognition of voluntary service given which benefits residents or organisations within the Hagley/Ferrymead community. The areas of service include youth activities, aged, education, welfare, recreation, religious and community development.

Nominations are sought in May and the awards are presented at a ceremony in August.

Community Pride Garden Awards

The Community Pride Garden Award Scheme is a Council initiative to acknowledge the contribution made to the Garden City image of Christchurch by many private residential properties. Gardens are selected for these awards as part of the street competition, which is a partnership between the Christchurch City Council and the Christchurch Beautifying Association. The assessments are undertaken during the months of December and January and are based on the following:

- Evidence of effort or improvements made to the garden and the effect on the streetscape
- Overall tidiness of property/garden and evidence of community pride
- Horticultural/landscape impact of garden on street.

The owners of gardens selected are presented with a certificate which acknowledges the effort and contribution made by the residents to maintaining the Garden City image of Christchurch.

The Canterbury Horticultural Society and the Christchurch Beautifying Association also run their own competitions. Interested home owners may enter these competitions by contacting the two sponsoring organisations.

Heritage Awards

The Hagley/Ferrymead Community Board Heritage Awards have been established to recognise the efforts of the community to preserve the heritage of the Hagley/Ferrymead area. This is an annual award which takes the form of a trophy, held by the recipient for the period of one year, and a framed certificate.

Written entries for these awards should contain the address of, and photographs and written information about, the project and the name and address of the owner, community group, school, institution or company responsible for the project, and be forwarded to the Linwood Service Centre

Community Board Objectives

The Board has the following objectives for 1999/2000

1. Effective consultation with the Hagley/Ferrymead community.
2. To provide the Council with timely and accurate information on issues relating to community needs and priorities.
3. To monitor the implementation of capital projects (except those designated as major or metropolitan).
4. To seek to implement the Board's aims as set out in its Statement of Intent.
5. Ensuring that the Councillor for the Hagley/Ferrymead community who is not appointed to the Community Board is kept fully aware of relevant issues within the Board's area.
6. That the Board acknowledges Agenda 21 and undertakes to operate under its principles.

The following Performance Indicators will be used to measure outcomes:

1. Communication with the Hagley/Ferrymead community is to be conducted throughout the year by way of:
 - (i) Distributing three newsletters throughout the community.
 - (ii) Holding no fewer than three general consultative meetings with residents' groups and no fewer than three general consultative meetings with other sector groups.
 - (iii) Consultation with groups in the community to obtain input into the Annual Plan and Budget Process.
 - (iv) Updating the Hagley/Ferrymead Resource Kit annually.
 - (v) Liaison between Community Board members and Residents' Associations by attendance of Board members at Association meetings.
 - (vi) Allocating time at each Community Board meeting for representatives of Residents' Associations to acquaint the Board with community issues.

Community Board Objectives cont'd ...

2. That all significant issues or concerns raised through the community consultation process be reported to the Council through the Board's monthly reports.
3. That the Board considers Capital Project reports on a regular basis.
4. That the Board consider an annual report on progress made in implementing the aims of the Statement of Intent.
5. That all relevant material is forwarded to the elected member in a timely fashion.
6. That the Board identifies through the Statement of Intent its commitment to Agenda 21 principles.

Linwood Community Library - Cranley Street, opposite the Eastgate Mall

Community Board Statement of Intent

The Board aims to develop Hagley/Ferrymead by preserving and enhancing the natural and built environment and by working towards a socially aware and active community.

The Board has adopted the following aims which are consistent with achieving the objectives of the Statement of Intent.

Natural Environment

Aims:

- To encourage recycling and waste minimisation.
- To encourage development of indigenous ecosystems.
- To retain and continue the planting of exotic species where appropriate
- To further enhance rivers and the estuary.
- To promote indigenous revegetation of the Port Hills.
- To promote the protection of the Estuary.

Built Environment

Aims:

- To promote urban renewal.
- To monitor and recommend the upgrading of street aesthetics.
- To support unique community identities.
- To promote safer roads through appropriate traffic control.
- To promote cyclist and pedestrian safety.
- To promote Heritage retention, education, awareness and conservation.
- To consider new and implement adopted NIPs and LATMS.
- To promote the history of the Hagley/Ferrymead area.

Social Issues

Aims:

- To include children's contributions in decision-making.
- To advertise community funding and other resources available to community groups.
- To seek a reduction in the level of poverty.
- To encourage employment opportunities.
- To consider the needs of identified groups, particularly those of the elderly and children.
- To acknowledge our bicultural society.
- To acknowledge our multicultural society.
- To seek appreciation of cultural similarities and differences.

Statement of Intent *cont'd ...*

Community Issues

Aims:

- To promote and support residents' groups.
- To promote community empowerment.
- To promote community and volunteer libraries.
- To promote a sense of community well-being.
- To encourage community involvement.
- To support and facilitate the provision of necessary community facilities.
- To review and, as appropriate, promote Council facilities.
- To acknowledge members of the community, past and present.
- To encourage community participation in the democratic process by assisting residents to enroll on the relevant parliamentary roll.

Recreation

Aims:

- To strongly pursue the acquisition of more neighbourhood parks.
- To enhance existing facilities and landscaping in parks.
- To identify, promote and monitor opportunities for recreation.

Review Process

The Board's achievements towards its aims shall be reviewed annually.

The review shall take the form of a written overview report highlighting Board decisions taken, level of funding allocated, and/or other support given to its aims under each environment or group.

Board Performance

To help ensure that the Board's aims are achieved the Board and its members will seek to:

- follow the principles of Agenda 21

Agenda 21 establishes the basis for action to sustainable development. Sustainable development can be interpreted as providing the following:

- "A viable natural environment capable of supporting life systems, now and in the future.

Statement of Intent *cont'd ...*

- A sufficient economy that provides sustainable livelihoods for all.
- Nurturing communities that provide opportunities for meeting social, cultural and spiritual needs.”

- be committed to communication and consultation processes
- ensure open decision-making processes are followed
- be available to the community and promptly address their concerns
- promote the Board's existence
- make informed decisions and where appropriate use creative decision-making processes
- foster good working relationships
- ensure that the Council is aware of relevant issues

Advocacy Items

The Board will also support the following matters by way of advocacy:

Affordable housing

Air and water quality

An adequate and appropriate public passenger transport system

Central and Regional Government liaison

Crime prevention

Civil Defence

Community Development Plan

CTV Reception

Development controls through planning

Drains maintenance

Encouraging community participation in the democratic process by assisting residents to enroll on the relevant parliamentary roll

Footpaths - on at least one side of all roads servicing residential areas

Healthy city

Natural environment studies in schools

Noise control

Port Hills - sky-line retention and strategic land purchase for reserve purposes

Protection of the Estuary

Safety

Safer parks

Sewerage management

The acquisition of further open space to address deficiency

Undergrounding of services

Community Board Funded Projects

The Community Board has \$250,000 in project and \$50,000 discretionary funding for allocation each year. The major part of these funds was allocated at a special meeting held in March. A sum of \$50,000 is retained as a **Discretionary Fund** for allocation to smaller projects throughout the year.

These discretionary funds can be applied for by writing to the Community Board, giving a full and detailed explanation of what the funds are needed for and the benefit that your group, organisation or the community will get from the funds. Providing a current balance sheet and details of any monies raised yourselves would also be useful.

The Board has reasonably flexible guidelines as to how it allocates these funds, although priority will be given to areas or issues that are specified in its objectives for the year.

If you have any questions on the Community Board's funding, please telephone the Board Secretary (telephone 3722602).

Writing Submissions

Staff at the Linwood Service Centre are committed to keeping Hagley/Ferrymead residents' groups informed about different Council issues arising. As a result, submissions on policy proposals, the Annual Plan and discussion documents are often required.

Set out below are some basic guidelines to help you to make effective written submissions, as often this is the only opportunity your organisation has to make its views heard.

1. Think before you write

Have a clear understanding about what has been proposed and why, and how it will affect your organisation, in addition to others in the community. Make sure you know when submissions are due to ensure you allow enough time for consultation, writing, proofreading as well as posting.

2. Talk to others in your community

Talk to other people in your community to see who else is making a submission. You may be able to combine a submission or concentrate on points that are not being made by others.

3. Plan your submission

Make sure your submission includes an introduction incorporating details of you, your organisation and what your organisation does, the key points you wish to make, a summary and a conclusion.

If you are making submissions on a discussion paper begin by addressing the main issue with general comments and then make detailed comments on specific points of the discussion paper.

Use headings, paragraphs and bullet points to emphasise the points you want to make. Include diagrams, including graphs or cartoons if appropriate. This helps to make the submission clear and easy to read.

4. Check your submission

Once completed check the submission for mistakes. A good approach is to give the submission to someone else to proofread.

5. Sending your submission

Think about sending your submission, if it is appropriate to do so, to other Council Units, and to government departments, community groups, Ministers of the Crown or MPs. You may gain support and work more effectively by making such contact. Keep an original copy on file for reference.

6. Follow up

Once you have sent in your submission check to make sure it has been received and whether any additional information is required.

Check again later for progress so that you can arrange or attend meetings or make further submissions.
