

# Community Board Funded Projects

The Community Board has \$300,000 project funding for allocation each year. The major part of these funds, \$257,500, has been allocated at a special meeting held in March. \$42,500 is retained as a **Discretionary Fund** for allocation to smaller projects throughout the year.

These discretionary funds can be applied for by writing to the Community Board, giving a full and detailed explanation of what the funds are needed for and the benefit that your group, organisation or the community will get from the funds. Providing a current balance sheet and details of any monies raised yourselves would also be useful.

The Board has reasonably flexible guidelines as to how it allocates these funds, although priority will be given to areas or issues that are specified in its objectives for the year.

If you have any questions on the Community Board's funding, please telephone the Community Secretary (telephone 348-5119).
