City of Christchurch

Environmental Awards information

The recognition of outstanding contributions to the built, natural and services to the environment of the city by individuals, organisations and businesses is a significant and very practical way of promoting achievement of the city's environmental policies. In general terms, the Awards will be based upon the following:

- (a) The purpose of the Award is to recognise outstanding contributions to the built and natural environment and services to the environment of the city.
- (b) In considering policies and projects for the Award, the Council will take into account:
 - the overall quality of the project or service
 - the impact on the environment and sustainability
 - the degree of innovation shown
 - the permanency of the proposal or service
 - the achievement of City Plan and the strategic objectives of the Council
 - impact on the City Council's infrastructure and the city as a whole
- (c) The Award shall be open to all residents, students, groups and business operating within Christchurch City including public bodies working in partnership with the community.
- (d) The Award shall be known as "The City of Christchurch Environmental Award".
- (e) No more than three Awards shall be made in any one year.
- (f) Awards shall be made by the Council on the recommendation of the Strategy and Finance Committee. The Committee to be advised by a panel consisting of the Chairs of the Arts, Culture and Heritage Committee, the Parks, Gardens and Waterways Committee and the Urban Planning and Growth Special Committee and three external advisers with special interest in the built and natural environments.
- (g) Each Award will take the form of a certificate, and, where appropriate, a plaque to be placed on the site of the project.
- (h) An honours board will be placed in 'Our City' to record the winners of each Award.

Awards will recognise outstanding contribution to the city's built, natural and services to the environment and by way of example, could include:

- An innovative suburban housing subdivision
- The conservation of an area of outstanding natural landscape or ecological importance
 - An excellent example of inner city housing
 - A significant new road or cycle link or public transport initiative
 - The conservation and reuse of a listed heritage building in an innovative way
 - A new initiative to reduce wastes, conserve water or improve air quality
 - A new building that is outstanding in its site layout and aesthetic design or in its design to conserve energy
 - A significant new open space or park
 - An outstanding new landscape feature or planting project.
 - An outstanding individual or group contribution to an environmental programme or projects
 - An innovative policy or management document.
 - Design for sustainability
