

## 6. WELLES STREET – PARKING RESTRICTION

<b>Officer responsible</b> City Streets Manager	<b>Author</b> Lorraine Wilmshurst, DDI 941-8662
--	--

The purpose of this report is to seek the Committee's approval to alter the loading zone outside Number 36 Welles Street.

### BACKGROUND

The loading zone at this location in Welles Street has been in place for some considerable time. It is a goods vehicles only loading Zone and the Electrolux company who are the main users of the loading zone have requested that it be altered.

### DISCUSSION

The loading zone is used by goods vehicles and other company vehicles for loading and unloading of goods to Electrolux and some of the vehicles which are not goods vehicles are being ticketed.

Three years ago the company requested that the goods vehicle only restriction be removed so that vehicles other than goods vehicles could use this space for loading and unloading. This request was agreed to by both City Streets and the Parking Unit, but has never been ratified.

### CONCLUSION

The removal of the goods vehicles only restriction will allow company vehicles to use this space to load and unload (see plan attached).

#### Staff

**Recommendation:** That the P5 loading zone on the south side of Welles Street commencing at a point 79 metres from its intersection with Manchester Street and extending in a westerly direction for a distance of 17 metres have the restriction 'goods vehicles only' removed.

#### Chairman's

**Recommendation:** That the above recommendation be adopted.
