

22. MAIN NORTH ROAD: PROPOSED PARKING RESTRICTION ALTERATIONS

Officer responsible City Streets Manager	Author Brian Boddy, Area Engineer, DDI 3711013
Corporate Plan Output: Traffic Signs and Markings	

The purpose of this report is to request that the Community Board approve the changing of the existing Monday to Saturday 30 minute parking restriction to a seven day a week 30 minute parking restriction outside numbers 1 to 17 Main North Road.

A request has been received from the tenants of the premises at 3 Main North Road (where a pet shop business is operated) requesting that the 30 minute parking restriction that applies six days a week be changed to one that applies seven days a week. There is a 30 minute parking restriction at any time, on the opposite side of the road. The Area Engineer has visited all the businesses operating in this section of the Main North Road and all are in agreement with the proposed change as most of the businesses now operate seven days a week.

The Parking Enforcement Unit have also been consulted and are in favour of the proposed restriction. It is therefore proposed that the existing P.30 parking restriction be changed to a P.30 at any time parking restriction.

Recommendation: That the parking of vehicles be restricted to a maximum period of 30 minutes at any time on the west side of the Main North Road commencing at its intersection with Harewood Road and extending in a northerly direction for a distance of 84 metres to the intersection of Winston Avenue.
