Corporate Plan Output: Public accountability	

The purpose of this report is to request funding for the Kids Edible Garden programme at Casebrook Intermediate School.

The School has requested \$1440 to pay the garden facilitator to work with children in the edible garden programme for three hours per week in 2002. The garden facilitator was previously working for 1.5 hours per week at the school. This a valuable part of the school's life skills programme and students who would benefit from the garden programme are specifically targeted. Approximately 40 students per year benefit from the programme.

The Board provided \$700 to Casebrook Intermediate School in May 2001 for the 2001 Edible Garden programme.

Recommendation: That the Board grant \$1,440 from 2001/2002 Discretionary Funding to Casebrook Intermediate School for the Edible Gardens programme.

Chairperson's Recommendation: That the officer's recommendations be adopted.
