

6. STANMORE ROAD: PARKING RESTRICTION P10

Officer responsible City Streets Manager	Author Barry Cook, DDI 941-8938
--	---

The purpose of this report is to seek the Board’s approval for the installation of a P10 on the west side of Stanmore Road in the area between London Street and Avalon Street (see attachment).

Henry Africa’s, a Thai restaurant, a bakery, a church and the Richmond Workingmen’s Club are in this area. Although the bakery provides off street parking, it also relies on kerbside parking to attract passing traffic. Long-term parking often prevents the availability of kerbside parking in this area.

Richmond Electric situated north of Avalon Street has a P10 restriction and the addition of a short length of P10 in the area between London Street and Avalon Street would help solve the parking problem.

Staff

Recommendation: That the parking of vehicles be restricted to a maximum period of 10 minutes on the west side of Stanmore Road commencing at a point 26 metres from its intersection with Avalon Street and extending in a southerly direction for a distance of 18 metres.

Chairperson’s

Recommendation: That the recommendation be adopted.
