| Officer responsible City Streets Manager | Author Brian Neill, DDI 941-8616 |
|--|--|

The purpose of this report is for the Board to consider creating a “P10” parking restriction along the south side of Riccarton Road outside a block of shops on the corner of Wainui Street (map attached).

Board members will be familiar with the various small businesses that are located along Riccarton Road where owners rely entirely on on-street parking for their customers.

The businesses located in a recently refurbished block of shops on the corner of Riccarton Road and Wainui Street have asked that a short term parking restriction be installed along the Riccarton Road frontage of the shops to deter motorists who may otherwise wish to park in the area for long periods of time. The owners of the shops and business proprietors agree that a “P10” parking restriction would cater for this need.

Staff

Recommendation: That the parking of vehicles be restricted to a maximum period of 10 minutes along the south side of Riccarton Road commencing at a point 10 m from its intersection with Wainui Street and extending in an easterly direction for a distance of 16 m.

The Parking Manager agrees with this recommendation.

Chairman’s

Recommendation: That the officer’s recommendation be adopted.
