

## 31. SEMINAR MEETING

<b>Officer responsible</b> Community Advocate	<b>Author</b> Lynne Batty, DDI 941-5405
--	--

The report of the Seminar meeting held on 17 March 2003 is attached. The following recommendations were made:

### COMMUNITY BOARD BRIEF

That the Community Advocate be requested to network with the other Boards on producing a co-ordinated report on the Community Boards' structures and meeting processes and the costs flowing from them to be brought back to the ordinary June meeting of the Strategy and Finance Committee with budget savings identified at that time.

### RESTELL STREET/HAREWOOD ROAD INTERSECTION SAFETY IMPROVEMENTS

1. That the extension of the existing central median island, the banning of right turns and other improvements at the Restell Street/Harewood Road intersection, as illustrated on the attached plan, be supported by the Board.
2. That the plan be approved for consultation.
3. That the existing tall vegetation in the kerb build-outs in the proximity of the railway line be replaced with low maintenance ground cover planting.

### OWEN MITCHELL PARK – PLAYGROUND REDEVELOPMENT

1. That the Board approve the plan for public consultation.
2. That Parks & Waterways staff consider engaging Inspectors John Doyle and Graham Cairns or the 'Crime Prevention through Environmental Design' trained safety auditors in the Parks & Waterways Unit to carry out an audit of the proposed plan.
3. That in the future Parks & Waterways adopt a process that ensures a Safer Parks audit is carried out on all plans before they are presented to the Shirley/Papanui Community Board.

### ST ALBANS PARK SPORTS PAVILION AND TOILET BLOCK

That the Board congratulate the designers of this concept and that the Board approve the plan for public consultation

#### Staff

**Recommendation:** That the above recommendations be adopted.

#### Chairperson's

**Recommendation:** That the above recommendations as discussed and agreed to at the Seminar meeting be adopted.
