

7. ART PROJECT – CORNER LINCOLN ROAD AND LYTTTELTON STREET RESERVE

Officer responsible Community Advocate	Author Barbara Ford, Community Advocate, DDI 941-5108
--	---

The purpose of this report is to update the Board on progress with this project and to nominate members to a working party.

BACKGROUND

At the Board meeting held in May 2003, the Board resolved to defer the art project for this reserve due to the costs, and that the Council's Arts Advisers be asked to work with the Board to proceed with the project.

Staff have now been assigned to the project, and a draft brief will be prepared for consideration by a working party. It is proposed to establish a working party, comprising representatives from the local residents association, Addington Raceway, Board members and any other appropriate local representatives. The purpose of the working party will be to approve the draft brief and see the project through to completion.

The Board is therefore requested to nominate a representative/s to the working party.

Staff

Recommendation: That the Board nominate a representative(s) to the Art Project working party.

Chairman's

Recommendation: For discussion and nomination of a Board member to the Art Project working party.
