The purpose of this item is for City Streets to present the proposed kerb and channel programme (new years 2 to 5) to the Board for its consideration.

This matter was adjourned at the Boards 25 November 2003 meeting in order that more detailed information be provided. A further copy of the minutes from the seminar meeting held on 18 September 2003 are distributed with the agenda.

Members will recall that the new prioritisation process involves a step where Community Boards can reprioritise streets within their area within the years 2 to 5 of the programme.

The attached programme includes key points and reasons for the streets being where they currently are on the programme. Proposed changes will need to be reported back to the City Streets Unit by 5 December 2003.
