

## 17. MATHIAS STREET - PROPOSED KERB AND CHANNEL RENEWAL

<b>Officer responsible</b> City Streets Manager	<b>Author</b> Brian Boddy, DDI 941-8013.
--	---

The purpose of this report is to request that the Board approve for tender the attached plan for the renewal of the dish channels on both sides of Mathias Street.

Mathias Street (a local road) is on the Capital Works Program to have its kerb and dish channel renewed in the 2003/2004 financial year. The Board approved the distribution of the attached concept plan for consultation at its April 2003 meeting.

Ninety publicity pamphlets were distributed to the residents of Mathias Street and neighbouring streets. Four responses to the proposal were received from the residents. They were all supportive. As the Local Area Traffic Management Scheme recommends that a threshold be constructed at the south end of the street to match the one at the north end, the plan has been amended accordingly.

The amount of \$147,000 is budgeted for this project.

### **Staff**

**Recommendation:** That the Board approves appended plan TP 152001 for construction.

### **Chairperson's**

**Recommendation:** That the staff recommendation be adopted.
