

15. NEIGHBOURHOOD WEEK WALKS

Officer responsible Community Advocate	Author Sheryl Killick, DDI 941-5410
--	---

The purpose of this report is to advise Community Boards of the attendance record of the Neighbourhood Week walks that were held in 2002.

The Neighbourhood Week Committee have requested that all Community Boards be informed of the attendance records for 2002, and for each Board to decide whether or not they will continue to have Neighbourhood Week walks within their area for 2003.

Attendance for the six walks that were held was 210 people. Two of these walks were already the "Active Programme" walks that have a history of good attendances. Two walks had to be cancelled due to poor weather.

Feedback from the Leisure Unit was that over the past two years the number of attendees has been very low despite best efforts to promote.

Staff

- Recommendation:**
1. That the information be received.
 2. That it be left to each board's discretion whether or not to continue with Neighbourhood Walks.

Chairman's

- Recommendation:** For discussion.
