

12. STRUCTURE ON STREET APPLICATION - NEW BRIGHTON MALL

Officer responsible City Streets Manager	Author Weng-Kei Chen - Asset Policy Engineer, DDI 941-8655
--	--

The purpose of this report is to seek the Board's recommendation to the Council for the installation of a tower occupying road airspace in New Brighton Mall.

BACKGROUND

An application was received from Pierside Properties Ltd to install a tower occupying road airspace. The proposal is for adventure equipment "The Slingshot". The equipment consists of two 52.50 metre towers and will occupy the area where previous adventure equipment - "Rocket Bungy Jump" was housed.

One of the towers of The Slingshot will intrude into the road space from the height of approximately 23 to 52.50 metres. The area of intrusion is as shown on the attached plans. It is unlikely that this area will be required by the Council and accordingly its approval is recommended subject to:

1. Deed of Licence being entered into with the Council.
2. Resource and Building Consents being obtained for the structure.

Staff

Recommendation: That the installation of the tower for "The Slingshot" intruding into road airspace in New Brighton Mall be approved subject to the above conditions.

Chairperson's

Recommendation: That the abovementioned recommendation be adopted.
