

22. ADDINGTON CLUSTER

Officer responsible Community Advocate, Beckenham	Author Elaine Greaves, Community Secretary, DDI 941-5105
---	--

The purpose of this report is to seek the Board's advice regarding the level of involvement it wishes to have in the above project.

Board members will recall recently receiving written information (see attached) relating to a seminar meeting held in August 2003 regarding a co-ordinated approach being taken by Council units in relation to work programmed for the Addington area (referred to as the Addington Cluster).

The Board may now wish to consider:

- The frequency of receiving information relating to any of the Addington Cluster projects - for example, monthly, bi-monthly, quarterly, six monthly.
- Whether it should be provided with an opportunity to have input into the consultation process (by way of being advised prior to any consultation taking place for any of the projects).

Staff

Recommendation: That the Board advise the level of involvement it wishes to have in regard to the Addington Cluster project.

Chairperson's

Recommendation: For discussion.
