The purpose of this item is for City Streets to present the proposed Kerb and Channel programme (new years 2 to 5) to the Board for their consideration.

Members will recall that the new prioritisation process involves a step where Community Boards can reprioritise streets within their area within the years two to five of the programme.

The attached programme includes key points and reasons for the streets being where they currently are on the programme. Proposed changes will need to be reported back to the City Streets Unit by 5 December 2003.
