

5. ALEXANDRA STREET: PROPOSED KERB AND CHANNEL RENEWAL

Officer responsible City Streets Manager	Author Brian Boddy, Project Consultation Leader, DDI 941 8013
--	---

The purpose of this report is to request that the Board approve for consultation the attached concept plan for the renewal of the dish channels on both sides of Alexandra Street from Fitzgerald Avenue to Stanmore Road.

Alexandra Street is a local road carrying an estimated 1000 vehicles per day. It is proposed that the existing kerbs, dish channels and footpaths be renewed during the 2003/2004 (\$92,500) and 2004/2005 (\$402,737) financial years. Local residents have been surveyed and have provided information on issues they would like addressed with this work. Following consideration of residents' feedback (see attached letter for a summary of their feedback) different options have been considered and the planned proposal drawn up.

A total of \$495,237 is budgeted for this project.

To obtain residents' and property owners' views on the concept plan it is proposed that a publicity leaflet (with plan TP 158001) be distributed to the community for comment.

Staff

Recommendation: That the Board approve the attached concept plan for consultation.

Chairperson's

Recommendation: That the recommendation be adopted.
