

**11. CENTENNIAL POOL REDEVELOPMENT
(INCLUDING ELSIE LOCKE PARK AND OXFORD TERRACE)
DRAFT LANDSCAPE PLAN**

The Board considered a report responding to its submissions on the Draft Landscape Plan for the Centennial Pool Redevelopment (including Elsie Locke Park and the redevelopment of Oxford Terrace between Manchester and Madras Streets).

John de Zwart, Project Manager and Mark Noonan, Major Projects Co-ordination Officer, were in attendance at the meeting and briefed the Board.

In this briefing there was some discussion on the costs involved in securing an area for the storage of bicycles. The Board asked the Design Team to consider better provisions for the secure accommodation of bicycles and asked that this be investigated further and brought back to the Board.

The Board **received** the information.
