

### 3. NORTH/WEST YOUTH SUMMIT

The Board **received** a report from the Community Activities Officer, advising that a Youth Summit is to be held for young people in the Board's area on 17 August 1998. This had evolved from discussions held with individuals and groups working with youth in the area to look at a youth strategy. A number of issues had been identified where the input of the young people would be useful. Board members were invited to attend the summit.
