

16. STREET BANNERS IN SUBURBS

The Community Manager reported on the placement of street banners in suburbs, with particular reference to the request by the Shirley Community Centre Committee who had suggested banners outside the Centre and other community facilities. The Board **decided** to support the provision of street banners in suburban shopping centres and outside local community facilities and asked that this be conveyed to the Community Services Committee in conjunction with the report being prepared for its September meeting, containing information relating to feasibility and costs.
