

### **32. CONTINUING ISSUES FOR THE HAGLEY/FERRYMEAD COMMUNITY BOARD**

The Board considered a number of incomplete projects which needed to be addressed by the incoming Community Board. These projects included:

1. Year 2000 Projects for Board sponsorship.
2. Avebury House, Evelyn Couzins Avenue and the need for a public meeting to consult widely on possible uses for this building.
3. Christchurch City Cycle Network Planning – a Community Board Forum time with a presentation on the cycle network from the Cycle Planner early in the new year was suggested.
4. Centennial Pool Re-Development – Draft Landscape Plan – A report was sought early in the new year on the secure storage of cycles.
5. Neighbourhood Week.
6. Heritage Awards

The Board **received** the information and decided that the Chairperson and the Community Advocate should meet to develop a time frame for bringing these projects before the Board.
