

40. HEATHCOTE VALLEY COMMUNITY ASSOCIATION INC

The Board considered a letter from the Heathcote Valley Community Association Inc drawing attention to a potential cycle danger in the area between the Horotane Valley turn-off and Mary Duncan Park on Port Hills Road, where cyclists have difficulty in negotiating their way through the Tunnel Road underpass when faced with large vehicles on the very narrow road carriageway.

The Board **received** the letter and decided that the City Streets Unit be requested to provide a report to the March meeting of the Board.
