

## 15. CENTENNIAL POOL CAR PARK

RR 8852

The Parks Manager reported, recommending that a number of changes be made to the design of the above car park, and that the additional cost be funded from the cash in lieu of reserves fund.

The Committee **decided** to refer the report to the Projects and Property Committee with the following recommendations:

1. That the revised car park design for Pioneer Pool be approved for immediate implementation subject to any necessary resource consents being obtained.
2. That the use of \$150,000 from cash in lieu funds be approved.
3. That \$150,000 be used from proceeds of the sale of the Lyttelton Yard.
4. That an information leaflet detailing the new car park design be distributed to the immediate area.

(Councillor Corbett requested that his vote against the above recommendation be recorded.)
