

**11. PARKS AND RECREATION COMMITTEE -
PROPOSED NAME CHANGE**

RR 8776

The Water Services Manager submitted a report suggesting that the Committee consider changing its name to one which represents its expanded terms of reference.

The suggestion that the Committee be renamed the Leisure, Parks and Waterways Committee was not supported by the majority of the members mainly because it was felt the proposed name was too long and the present name described the Committee's areas of responsibility reasonably adequately.

The Committee **decided** not to support the recommended name change.
