

4. TRIENNIAL ELECTIONS – REPORT OF THE RETURNING OFFICER

The Board **received** the report. In doing so it was noted that only 181 persons had enrolled as ‘Ratepayer Electors’. The Board considered that perhaps more publicity could be given in terms of increasing the awareness of (potential) eligible electors in this category.

The Board also **decided** to thank the Returning Officer for his invaluable assistance to candidates and in the professional way in which the election count/results was undertaken.
