

24. CHRISTMAS TREE LIGHTS

Robyn Taylor, Area Parks Officer reported on the different options for Christmas tree lights. Mrs Carole Anderton suggested that some Christmas tree lighting be installed in the Spreydon/Heathcote area (ie Addington Church Square). It was also suggested that a new site be added every year with the wiring being left in permanently. Recommendations for future sites should be directed to Robyn Taylor, Area Parks Officer.

The Board resolved:

1. To allocate \$1,690 for Christmas tree lights, with \$800 to be used for the installation, connection and removal after Christmas of lights at Spreydon Library; and \$690 for lights to be installed at Johnny Martins Dairy.
2. To give consideration to allocating project funds to the pre-wiring of another tree to enable instalment for the 1999-00 year.
