

16. CRACROFT COMMUNITY CENTRE - GROUNDS MAINTENANCE

The Board considered a request for funding of \$1,000 to be used towards the maintenance of Cracroft Community Centre grounds. A valuable community service is being provided by a group of volunteers who maintain the grounds, but this is not being properly funded and an alternative source of funding is required. Robyn Taylor, Area Parks Officer, advised the Parks Unit does provide support in terms of maintenance, although this particular area of land is not on Council reserve.

The Board **decided** that this matter be referred to the Parks Unit to reconsider before the end of the financial year.
