1.1 TURNING POINT 2000

Mr John Taylor, Chair, Native Trees Please! Supported by Councillor Carole Anderton, addressed the Board seeking support for plantings of native species aimed primarily at schools as a Turning Point 2000 project.

The deputation sought the sum of \$10,000 to allow planning for this project to begin. Mr Taylor stated that this \$10,000 would be spent in the Hagley-Ferrymead area to do a project in this area and that this project would be run in conjunction with the Community Board. Site selections for the project would be made as recommendations only to the Community Board and would preferably be sites on Council reserve land.

1.2 PETITION FROM RESIDENTS OF DRAPER STREET

Mr Tom Jeffery, supported by Mrs Betty Fallon and Mr Ralph Booth addressed the Board on behalf of 160 persons who had signed a petition organised by Mr Tim Barnett, MP, seeking safety improvements in the Draper Street, Heywood Terrace and Harvey Street area. The deputation suggested that safety improvements in the area could include road stopping of Heywood Terrace in order to turn it into a cul-de-sac or a stop sign on Harvey Terrace and a traffic island on the curve to slow down the speed of passing cars. The deputation further suggested that the landscaped area at the intersection of Heywood Terrace, Harvey Terrace and Draper Street be extended out so that the three streets became dead-end streets and the intersection was closed.
