

4. CORRESPONDENCE

4.1 BUS SERVICE REVIEW

A letter was received from Wayne Holton-Jefferies, Passenger Services Manager for the Canterbury Regional Council, requesting the Board's input into a bus service review of contracts expiring in March 2000. The Board **decided** that officers be requested to gather submissions from residents' associations and present them to the Canterbury Regional Council.

4.2 SAND DUNES

A letter was received from Mr Dave East regarding sand dunes on the North Beach section of the coastline. As Mr East was unable to attend the 29 March Board meeting this matter was deferred until the 3 May Board meeting.

4.3 JET SKIS AND POWERED CRAFT IN THE ESTUARY

A letter was received from Mr Kevin Laredo, South New Brighton Residents' Association, regarding the problem of jet skis and powered craft operating in the estuary, referred to in Mr Des Lander's submissions under clause 3.2. After some discussion it was **decided**:

1. That the Community Board seek a meeting between relevant residents, officers and elected members of the Board, Christchurch City Council and Canterbury Regional Council, in an attempt to mediate on the issue of jet skis and motorised craft in the estuary and seek a long-term resolution as to appropriate responsibilities, compliance, education, and where necessary enforcement.
2. That the issue of jet skis on the estuary be referred to a combined CCC/CRC Standing Committee meeting, and that the Chairperson and Andy Lea speak to the subject.
