The purpose of this report is to seek the Council’s approval for road markings in Bexley Road to complement the installation of a “Give Way” sign in Wetlands Grove.

The construction of a traffic island on Wetlands Grove and the installation of a right turn bay from Bexley Road into Wetlands Grove was proposed in response to traffic safety concerns at the intersection raised by the Bexley Residents Association (*see attached plan*). As Bexley Road is an arterial route the Board recommends as follows:

Recommendation: That the stopping of vehicles be prohibited at any time on the west side of Bexley Road commencing at a point 20 metres north of its intersection with Wetlands Grove and extending to a point 50 metres south of the intersection.
