

**8. QUEEN ELIZABETH II DRIVE/
PHILPOTTS ROAD INTERSECTION**

RR 9578

The Committee received a petition from residents of Mairehau Road who were concerned about the left turn from QEII Drive into both Philpotts Road and Hills Road.

Thirty-three people from Philpotts Road, Chilton Drive, Greenfield Place and Fortune Street were concerned about the lack of road space for drivers turning left at these intersections. The Mayor had referred the petition to the City Services Committee. In response to the petition more road space will be provided for left-turns both into Philpotts Road and Hills Road. The existing street name signs are positioned in advance of the turns into Philpotts Road and Hills Road but they can be upgraded to provide motorists with a greater opportunity to identify the junction in advance of the intersection. The petitioners have been informed of the proposed improvements.
