

## **2. DEPUTATIONS BY APPOINTMENT**

### **2.1 ENGLEFIELD RESIDENTS' ASSOCIATION**

Mr Chris Lee, Chairman of the Englefield Residents' Association, had requested speaking rights at the Board meeting. Mr Lee made submissions asking the Board to intervene to seek an amicable resolution to the concerns being expressed by his Association over the proposed soil shed in Beverley Park and expressed the hope that the soil shed might yet prove unnecessary.

Mr Lee urged continuing consultation between the Council and the Residents' Association on any proposals affecting Beverley Park.

Mr Lee also made a submission regarding the need for the proposed safety fence on Avonside Drive to be unobtrusive and aesthetically appealing. Mr Lee asked that no further carriageway widening take place in Avonside Drive as traffic vibration was already causing cracks in houses.

### **2.2 MRS FRANCES RYMAN**

Mrs Ryman had requested speaking rights and addressed the Board outlining her concerns over the possible widening of Avonside Drive as set out in a written submission to the Board.
