

5. OLDER PERSONS' POLICY

The Board considered a report on progress being made towards implementing the Council's Older Persons' Policy which had been considered by the Community Services Committee at its meeting 8 February 1999. The Community Services Committee had **resolved** that this report be received and be forwarded to Community Boards to enable them to consider initiating projects to mark the International Year of Older Persons.

The Board **decided** to receive the report and to seek a report to the Board from the Community Recreation Adviser within the next two months with proposals for marking The International Year of Older Persons.
