

## 5. REPORTS REQUESTED

Arising from consideration of the monthly progress report on the Cathedral Square redevelopment, the Committee **decided**:

1. That the City Streets Manager be requested to report to the City Services Committee on the need for the provision of a taxi stand or taxi stands in Cathedral Square, and a possible review of the Council's earlier decision on this issue.
2. That the City Design Manager be requested to review options for the bollards in Cathedral Square, so that they are made more visible and substantial.
3. That the City Streets Manager report to the Cycle Steering Committee on cyclists' behaviour and rules for cyclists in Cathedral Square.
4. That the City Streets Manager report to the City Services Committee on a possible review of the present P5 parking area in Cathedral Square, with a view to restricting the use of such parking to tour buses and service vehicles only.
