

7. SUPPLEMENTARY REPORTS

The Chairman referred to the open and public excluded supplementary reports which had been separately circulated, relating to the proposed disposal of surplus property originally acquired for the Northcote Expressway. He advised that the reports had not been included in the agenda for the reason that the required information was not available at that time, but that it was essential that the reports be dealt with at the present meeting rather than being deferred to a subsequent meeting.

The Committee **resolved** that the reports be received and considered at the present meeting.
