

## 9. BUSH SOCIETY

Mr Mike Peters from the Bush Society made a presentation to the Board on the Society's activities and future projects involving the southern motorway and the Wigram retention basin. Financial support was sought to enable the Society to undertake this work within the Riccarton/Wigram Board's area. The Board agreed by consensus that an on site inspection be arranged for the Board through Mike Peters and the Environment Committee.

It was **resolved** that a grant of \$1,000 be made to the Bush Society for the purchase of materials to enable ongoing programmes within the Riccarton/Wigram Board area to continue, to be sourced from the Board's 1998/99 Discretionary Fund.
